

# ESHRE PROGRAMME 2022

JULY,  
3-5  
2022

GeneraLife  
Catalysts of life

## SUNDAY, JULY 3RD. 09:00 - 12:30, BROWN 3

10:30-11:00

### GIOVANNI COTICCHIO

Chair

Session code: 20.

Session title: PCC02: Revisiting Standards in the IVF laboratory:  
Optimizing Outcomes with Precision Treatment - Part 1.

Session type: Precongress Cours.

11:00-11:30

### LAURA RIENZI

Session code: 20.

Session title: PCC02: Revisiting Standards in the IVF laboratory:  
Optimizing Outcomes with Precision Treatment - Part 1.

Session type: Precongress Course.

Speaker: Pcc22-011: Oocyte vitrification in routine practice: optimizing  
oocyte utilization, reducing generation of surplus embryos and setting  
realistic expectations.

## SUNDAY, JULY 3RD. 09:00 - 12:30, AMBER 6

11:45-12:15

### LAURA RIENZI (11:45 - 12:15)

Session code: 150.

Session title: PCC15: MSRM: Adjuvant in IVF – what really could improve  
results - Part 1.

Session type: Precongress Course.

Session 2: Adjuvant in laboratory.

Speaker:

Pcc22-109: Cleavage versus blastocyst transfer for all. The question is  
now.

## SUNDAY, JULY 3RD. 13:30 - 17:00, BROWN 1

14:15-14:45

### LAURA RIENZI

Session code: 141.

Session title: PCC14: MEFS exchange course: The IVF of tomorrow: The journey towards precision medicine, automation, machine learning and artificial intelligence - Part 2.

Session type: Precongress Course.

Speaker:

Pcc22-102: Automation and integration of laboratory platforms.

11:00-11:30

### LAURA RIENZI

Session code: 20.

Session title: PCC02: Revisiting Standards in the IVF laboratory: Optimizing Outcomes with Precision Treatment - Part 1.

Session type: Precongress Course.

Speaker: Pcc22-011: Oocyte vitrification in routine practice: optimizing oocyte utilization, reducing generation of surplus embryos and setting realistic expectations.

## SUNDAY, JULY 3RD. 15:30 -16:00 BLUE 2

15:30-16:00

### DANILO CIMADOMO

Chair.

Session 4: Imprinting defects and short-/long-term effects.

## SUNDAY, JULY 3RD. 19:00 - 20:00, GOLD

19:00-20:00

### GIOVANNI COTICCHIO

Session code: 160.

Session title: Opening ceremony.

Session type: Opening ceremony.

Speaker

OC-01: Local organisers gives a welcome introduction to the meeting/  
Milan.

## MONDAY, JULY 4TH. 10:00 - 11:30, RED

10:00-11:30

### DANILO CIMADOMO

Chair.

Session code: 1050.

Session title: Session 05: RM and RIF: data from randomised studies.

Session type: Selected oral communications.

## MONDAY, JULY 4TH. 11:45 - 12:45, BROWN 3

11:45-12:45

### ANDREA BORINI

Chair.

Session code: 1120.

Session title: Session 12: Optimising oocyte yield.

Session type: Invited session.

## MONDAY, JULY 4TH. 11:45 - 12:45, AUDITORIUM

11:45-12:45

### GIOVANNI COTICCHIO

Chair.

Session code: 1090.

Session title: Session 09: A deeper understanding of fertilisation.

Session type: Invited session.

## MONDAY - MERCK HEALTHCARE SIMPOSIUM.

11.45-13, GOLD

11:45-13:00

### LAURA RIENZI

Individualized medically assisted reproduction: from basic research to patient-centered treatment.

Chair.

Speaker (11:50 - 12:05) - Measures of success in ART: A patient-centered perspective.

## MONDAY, JULY 4TH. 15:15 - 16:30, BROWN 3

15:15-16:30

### GEMMA FABOZZI

Chair.

Session code: 1230.

Session title: Session 25: Health of ART patients and their children.

Session type: Selected oral communications.

## MONDAY, JULY 4TH. 15:15 - 16:30, AUDITORIUM

16:15-16:30

### ELISABETTA TRABUCCO

Session title: Session 22: New evidence on Duo Stimulation.

Session type: Selected oral communications.

Presentation number: O-072.

Abstract title:

Can preimplantation genetic testing for monogenic conditions represent an indication for DuoStim? A multicenter case series.

17:00-18:15

### IBSA SIMPOSIUM. ANDREA BORINI

Chair.

From physiology to therapy: a new perspective to better enable treatment individualization.

## TUESDAY, JULY 5TH. 08:30 - 09:30, GOLD

08:30-09:30

### LAURA RIENZI

Chair.

Session code: 1310.

Session title: Session 34: Debate - Artificial intelligence in the IVF lab

Session type: Invited session.

## TUESDAY, JULY 5TH. 08:30 - 09:30, YELLOW

08:30-09:30

### ALBERTO VAIARELLI

Chair.

Session code: 1360.

Session title: Session 39: RIF and RPL: two of a kind?

Session type: Invited session.

## TUESDAY, JULY 5TH. 10:00 - 11:30, GOLD

10:15-10:30

### FEDERICA INNOCENTI

Session title: Session 41: Automation tools for embryo evaluation: part 2.

Session type: elected oral communications.

Presentation number: O-121.

Abstract title:

Uncovering the value of day 7 blastocysts using artificial intelligence on time lapse videos.

10:00-11:30

### CARLOTTA ZACA'

Chair.

Session code: 1400.

Session title: Session 41: Automation tools for embryo evaluation: part 2.

Session type: Selected oral communications.

## TUESDAY, JULY 5TH. 14:00 - 15:15, GOLD

14:00-15:15

### GEDEON RICHTER SIMPOSIUM

How to personalize the IVF journey to improve treatment outcomes?

14:10-14:30

### ALBERTO VAIARELLI

Ovarian stimulation.

## TUESDAY, JULY 5TH. 17:00 - 18:00, AUDITORIUM

17:30-17:45

### DANILO CIMADOMO

Session title: Session 66: Assessing embryo developmental competence.

Session type: Selected oral communications.

Presentation number: O-101.

Abstract title:

Elucidation of blastocyst collapse and its consequences: a comprehensive artificial intelligence-powered analysis of 1943 embryos from 643 couples.

## WEDNESDAY, JULY 6TH. 10:00 - 11:45, YELLOW

10:00-11:45

### ROBERTA MAGGIULLI

Chair.

Session code: 1800.

Session title: Session 83: Impact of laboratory protocols and transfer policy on ART outcome.

Session type: Selected oral communications.
